II. VOCABULARY

Look over the list on p. 25. Then:

1. Recognize which of the words you have already encountered (in Scripts 1-7).
2. Be sure you know the meaning of these words.
3. Recall the different *forms* of each word—could you use the different forms in sentences modeled after the ones in the scripts?

On the quiz, you’ll only be tested on #1-2 (give the meaning in English of words in the form listed on p. 25).
